Introduction

This list contains a cumulative listing of home study and live courses submitted to CSMLS for evaluation and are eligible to be used in the Professional Enhancement Program (PEP) and Continuing Professional Studies (CPS) program. **This is not a listing of available courses.** If you require specific course details, you must contact the course provider directly. CSMLS does not keep course details on other provider's courses.

If you wish to use a course for CPS or PEP credit which is not listed, it will need to be submitted for evaluation. An application form may be obtained from the CSMLS office, or on www.csmls.org.

For more information on PEP and CPS see the Rules and Regulations for each process. Rules and Regulations are available at www.csmls.org.
